EXPERIENCE

Web Development & AI Intern, CRITSO Summer Internship, May 2026 - Jun 2026

- Engineered and deployed **production-ready websites and AI-powered solutions** for clients, contributing across frontend, backend, and deployment workflows.
- Delivered scalable features, API integrations, and intelligent automation solutions, transforming business requirements into live digital products.

PROJECTS

HireSense AI - AI-powered ATS Resume Screening

- Built HireSense AI, an AI-powered ATS resume screening platform using **React, TypeScript, Node.js, Express, and Python**.
- Implemented **NLP-based resume parsing** with spaCy, TF-IDF, Cosine Similarity, and PDF extraction to rank candidates against job descriptions.
- Developed recruiter dashboards for candidate management, ATS scoring, AI chatbot integration, and hiring analytics.

CivicEye - SIH (Round 1 Qualified) [sih-civic-eye.vercel.app](#)

- Built a full-stack civic engagement platform with **AI-assisted multilingual issue reporting** (text, image, voice), real-time interactive maps, analytics dashboards, and a gamified leaderboard; qualified for SIH Round 1.

VoxCareAI - AI Voice Assistant for Healthcare

- Built VoxCareAI, an AI-powered voice assistant for healthcare support and symptom assessment, integrating **LLMs and NLP** for real-time medical query resolution.

SyncSketch - Real-Time Collaborative Whiteboard [syncsketch-app.vercel.app](#)

- Developed a real-time collaborative whiteboard using **WebSockets** with synchronized drawing, text, and undo/redo features.
- Implemented live user presence, cursor tracking, and chat, while optimizing performance and latency for smooth interaction.

ACHIEVEMENTS

ACHIEVEMENT	SCORE / DETAIL
JEE	98.67 Percentile
CET	99.80 Percentile
Codeforces (ID: ts_2006)	380+ problems solved
LeetCode (ID: focus0108)	350+ problems solved
