OBJECTIVE

Aspiring Computer Engineer currently in my second year, with strong expertise in Data Structures, Object-Oriented Programming, and backend development fundamentals. Have built fully functional projects and continue to develop solutions focused on real-world problem-solving. Regularly practice DSA and actively participate in hackathons. Passionate about software development and currently learning system design fundamentals through hands-on project experience.

Education

Sardar Patel Institute of Technology, Mumbai
B.Tech in Computer Engineering

Aug 2024–May 2028
GPA: 9.5/10

Wilson College , Mumbai
Maharashtra State Board of Secondary and Higher Secondary Education (HSC)

Aug 2022–May 2024
Grade: 82%

HVB Academy, Mumbai
Indian Certificate of Secondary Education (ICSE)

Jun 2012–Apr 2022
Grade: 95%

Achievement - Jee percentile - 98.67 %ile , CET percentile - 99.80 %ile

PROJECTS

CivicEye, SIH(Round 1 qualified) - sih-civic-eye.vercel.app/

Aug 2025 - Sept 2025

- Built a full-stack civic engagement platform enabling citizens to report issues using text, images, and voice input, with multilingual support and AI-assisted interaction for improved accessibility. Implemented real-time interactive maps and analytics dashboards to visualize issue density, zone-wise statistics, and activity trends using live, movable map layers. Designed a gamified leaderboard system to recognize top contributors, encouraging active citizen participation in solving civic problems.

SyncSketch - syncsketch-app.vercel.app

Dec 2025 - Jan 2026

- Developed a real-time collaborative whiteboard using WebSockets with synchronized drawing, text, and undo/redo features. Implemented live user presence, cursor tracking, and chat, while optimizing performance and latency for smooth interaction.

Hospital Management System

Sept 2025 - Dec 2025

- Built a management system to handle users, rooms, and records with CRUD operations and backend logic, strengthening understanding of structured data handling.

Minor projects

- Games: Snake Game, Pong Game Learning Apps: NATO Alphabet, US States Quiz, German
- Flashcards, Quizzler Utilities: Pomodoro Timer, Password Generator, Birthday Wisher

Extra curricular

- Volunteered in a community outreach initiative, teaching educational concepts and essential life skills to orphaned students.
- Completed Tata Cybersecurity Analyst Job Simulation, gaining hands-on exposure to real-world cybersecurity tasks and industry practices.

Skills

- **Programming Languages:** C, C++, Java, Python , React, Vite , Node js , SQL
- **Core Concepts:** Data Structures and Algorithms, Object-Oriented Programming, Database
- Basics
- **Tools:** Git, GitHub, VS Code, Linux (basic)
